Dear Mr. Frable

**Re: Solar PV Renewable Energy Facility (FIT Contract #F-000627-SPV-130-505)
“Penn Energy – S. Glengarry_St. Lawrence-1”
In the Township of South Glengarry, Ontario,**

1.0 INTRODUCTION

We are pleased to submit the following built heritage and cultural heritage landscape screening document for the above-mentioned project. Our submission responds to the requirements for a Renewable Energy Approval pursuant to Ontario Regulation 359/09, under Part V.0.1 of the Environmental Protection Act and provides a completed screening document of the project property in compliance with the above-noted regulation. A description of the project team, including key personnel and their qualifications is detailed below.

2.0 STAFF AND CORPORATE EXPERIENCE

Richard Unterman, M.A. Conservation Studies – Project Manager. Field Survey
Barbara McPhail, M.A. Conservation Studies – Field Survey, Historian, Report Production.

3.0 METHODOLOGY

A review of the background study materials including the site and area mapping was undertaken. Unterman McPhail completed a consultation process to determine whether the project location is a Protected Property as described in the Table to Section 19 of

Printed on 100% recycled paper

O.Reg. 359/09. Based on the result of the review we have prepared a chart summarizing the result study.

The study of the site included a windshield survey of the project property. Contact with Township of South Glengarry, Ontario through the office of Marilyn Lebrun, Clerk and the local planning office regarding on-site and abutting "Protected Properties" was completed to identify and confirm known cultural heritage resources that have been recognized municipally on and/or abutting the site. A review of provincially or federally recognized resources was also completed.

The review of the historical atlas and topographical mapping for the project site was completed to better understand the evolution of former land use.

The appended screening chart represents the result of the review.

If there is any further information required, please do not hesitate to contact me at the address or telephone number indicated above.

Sincerely,

- Summary of the matters addressed in determining that the project location is not **on** any Protected Properties (for all “No” results in column ‘D’ in Table, above): *[This is not required for these projects, but will be in the future due to recently adopted O. Reg. 521/10 amendments.]*

Based on information provided by the Township of South Glengarry, Ontario, the Clerk’s office confirmed the subject property located at No. 18423 Cr-19, Plan 107, Part of Lot 40, Concession 5il, Part of Lots 2 & 3 And No. 18461 Cr-19, Plan 107, Lots 41 & 41a, Concession 5il, Lot 1 & Part of Lot 2 in the Township of South Glengarry, Ontario, is not included as a Protected Property and it does not abut a property that is a Protected Property. A review of the Province of Ontario’s Protected Properties confirmed the site was not of Provincial significance or was there an heritage easement protecting the site or abutting properties.

- Description of identified Protected Properties on or abutting the project location (for any “Yes” results in columns ‘D’ or ‘F’ above):
Not applicable.

- Summary of the matters addressed in determining that there is no possibility of impact from the project on Protected Properties **abutting** the project location (for all “No” results in column ‘G’ above, following a “Yes” in column ‘F’): *[This is required, if any Protected Properties that abut project were identified, per O. Reg. 359/09, s. 20(2).]*

This review prepared by Unterman McPhail Associates, Heritage Resource Management Consultants of municipal and provincial cultural heritage resources confirms that “no impact” will occur to a Protected Property which abuts the project location.
